March 2021 Edition

A Message from the SBRGC President

With the new leadership in the Federal Government, they (house and senate) are not taking their time on proposing Anti-Gun Bills. There are a lot of anti-gun bills being proposed. Here is a partial list of just the House Bills.

- H.R. 38** – (GOOD) A bill to amend title 18, United States Code, to provide a means by which nonresidents of a State whose residents may carry concealed firearms may also do so in the State.
- H.R. 95** – (GOOD) A bill to amend the Internal Revenue Code of 1986 to remove silencers from the definition of firearms, and for other purposes.
- H.R. 125** – (BAD) A bill to amend title 18, United States Code, to provide for a 7-day waiting period before a semi-automatic firearm, a silencer, armor piercing ammunition, or a large capacity ammunition magazine may be transferred.
- H.R.127** – (BAD) A bill to provide for the licensing of firearm and ammunition possession and the registration of firearms, and to prohibit the possession of certain ammunition and firearms.
- H.R. 130** – (BAD??) A bill to require the safe storage of firearms and ammunition, and to require the investigation of reports of improper storage of firearms or ammunition.
- H.R. 135** – A bill to require the Director of the Federal Bureau of Investigation to report to the Congress semiannually on the number of firearms transfers resulting from the failure to complete a background check within 3 business days, and the procedures followed after it is discovered that a firearm transfer has been made to a transferee who is ineligible to receive a firearm.
- H.R. 137** - A bill to authorize funding to increase access to mental health care treatment to reduce gun violence.
- H. R. 167** - A bill to prohibit the transfer of a firearm at a gun show by a person who is not a federally licensed firearms dealer.
- H.R. 405** – (BAD) A bill to require the Secretary of the Interior to prohibit the use of lead ammunition on United States Fish and Wildlife Service lands, and for other purposes.
- H.R. 748** – (BAD??) A bill to amend chapter 44 of title 18, United States Code, to require the safe storage of firearms, and for other purposes.
- H.R. 825** - A bill to authorize the appropriation of funds to the Centers for Disease Control and Prevention for conducting or supporting research on firearms safety or gun violence prevention.
- H.R. 880** – A bill to amend the Consumer Product Safety Act to remove the exclusion of pistols, revolvers, and other firearms from the definition of consumer product in order to permit the issuance of safety standards for such articles by the Consumer Product Safety Commission.
- H.R. 993** - A bill to amend the Internal Revenue Code of 1986 to remove short-barreled rifles from the definition of firearms for purposes of the National Firearms Act, and for other purposes.
- H.R. 1004** – Government mandated Qualified Liability Insurance Requirement. Requirement that you must show proof of insurance in order to purchase a firearm or to sell a firearm unless you verify the buyer has Liability Insurance.
- H.R. 1005** – Federal Registration of firearms / Owners via of NICS System. Note: when you purchase a firearm, you complete a Federal 4473 form as part of the process. Most people think this is Federal registration **but it is not.** The 4473 form is an initial screening form/buyer statement and retained by the dealer until they go out of business. Very few state governments have a registration system for firearms. California is one of those.

There will be LRSO Training via Zoom coming soon. Watch your emails from the CRSO. All you need is a computer that has access to the internet and you can open up a link that will be sent out and become part of the zoom meeting. The BOD is currently doing that with the BOD Meeting, Range Development and RSO meetings that are held each month. If you have a camera attached to the computer you can also join with video as well as audio.

Range/Ranch Development is currently working or tracking the following two main projects:

1. Range Water System. Waiting on a response from the County. This response will determine how soon we have to drill the well or will a filter system be acceptable to the county.
2. Range Complex Hazmat Assessment: Material is currently at the Laboratory for analysis and we will be setting up programs based on the results of the Laboratory results.

You are all invited to attend the WORK PARTY on Mar 6, 2021 and then enjoy some shooting in the afternoon. The work will be at both the Range and Ranch. Just email me at president@sbrgc.org so we can ensure we have ample food and dessert. Start time 7:30. Social Distance rules will be followed so bring your mask.

Some of the scheduled work includes:

- ◆ Material Relocation at the maintenance yard
- ◆ Trench back fill at the Ranch
- ◆ Tree/Weed trimming at the Ranch
- ◆ Shooting Table and Number Board Refurbishment by Quonset Hut
- ◆ Water Pipe Repair by Water Tank for the lower pad
- ◆ Club House Wall Replacement prep work

Don Gussler, President

RANGE INFORMATION Phone: 619-468-3070
 Hours: Mon- Fri 8 a.m. - 4p.m. / Summer hours Sat & Sun 8 a.m.—5 p.m.

SHOTGUN/TRAP RANGE

Trap Range Coordinator
 Paul Young (619) 884-4739
 Assistant Coordinator
 Chris Case (619) 582-4512

There will be a special meeting for all Lead RSO's and Assistant Lead RSO's via Zoom on April 1st.

This will be a chance for the leads to get answers to their questions and receive the latest updates on range issues. There will be a special section on use of Metallic Targets on the range. Leads will be receiving a link via email a few days before the meeting.

If you are unfamiliar with using Zoom, please call Jon Sivers our Business Manager at 619-987-9096, ASAP so he can help you with getting setup (do this **days** before the meeting!)

We are down two RSO'S on the following days:

2nd Sat, 3rd Sat, 5th Tues, 5th Wed and 5th Sat.

Please remember that each year, all RSO's need to review and sign off on all the OSHA guidelines. These are located in a three ring binder in the Range 6 RSO building. You can complete them in small sections. Please try to do at least 2 or 3 sections each time you are at the range.

Weekends have become very busy and a great money maker for the Club. If any RSOs can add one of these days to their schedule, it would be greatly appreciated. If you are working on a crew that has enough RSOs and you would like to transfer over to one of the days we are short, that would help also. Please call me if you can help.

Thanks,
Bailey Hom, CRSO
